

Job Description

Welder / Fabricator

Introduction

SEERS Medical Ltd is the leading UK manufacturer of Medical Couches, Treatment Tables and Ergonomic Seating. Products are designed & manufactured at our headquarters based in Debenham, Suffolk.

We have a new opportunity for a General Welder/Fabricator to join our busy R&D department to assist in the building of prototype models for our treatment and examination couches. This is an excellent opportunity to join a large and growing company with opportunities for career development.

Responsibilities

Key responsibilities to include Mig welding and using various workshop machinery such as lathes, drills and hand tools to cut, shape and assemble a variety of metal parts. Experience of TIG welding and in the use of a small lathe would be an advantage but not essential. There may be a requirement at times to work in other departments such as production, to assist with problem solving and production issues.

Experience & Attributes

The successful candidate must have good all round engineering skills, to include MIG welding (coded welder not essential), and an ability to read 2D/3D engineering drawings. Excellent IT skills are essential and experience of using Autodesk Inventor, an advantage. Applicants must have good attention to detail and an ability to work well in a small design team. A conscientious attitude is essential to ensure that the products manufactured are of the highest quality. A clean driving licence is essential.

Job Type & Salary

This is a full-time position - 40 hours per week Monday-Friday, 8am - 4.30pm.

Salary £24,000 - £28,000 p/a (dependent on experience)

Applicants must be able to reliably commute to our location every day.

To Apply

Please apply with a covering letter and CV in the first instance.

25 days annual holiday plus bank holidays.

Benefits include:

- Free onsite parking
- Free tea and coffee
- Company events
